Nosybh Mahmud Abdel Al latief Al Janazra

Beit-Umar

Hebron -Palestine

Mobile: 0599352105

Email address: jihad.saif2014@gmail.com

- **Personal Information:**

Marital Status: Married

Gender: Female

Nationality: Palestinian

Age: 42 years

Place of birth: Beit Jala

- **Academic qualifications:**

- Master degree in International cooperation and development from Bethlehem University 2017/2018. My thesis title was “Inclusive Education between Rhetoric, Reality and the Way Forward: Teachers’ Perspectives in Elementary Mainstream Schools in Hebron District”. This research came to reveal the reality of inclusive education from teachers’ perspectives in the mainstream elementary schools in the Hebron district. Also, to determine whether inclusive education is meeting its goals or not and what could be done in the near future to improve inclusive education policy in mainstream schools.

- I got diploma degree of public administration from Bethlehem University / ICP on January 6, 2015.
- I got the bachelors degree of Science, major in occupational therapy from Bethlehem University on July 27, 2002.

- **Employment history :**

2002-2009 I worked at United Nation For Relief and Agency Work/ Relief and Social Services Department/ Disability Program. I worked in UNRWA for 7 years as occupational therapist with several duties and missions. I was visiting the disabled refugees' at different towns, cities, schools and camps in Bethlehem and Hebron districts, to identify their needs and to provide them with the proper intervention, as well as to offer them the appropriate prosthetic devices, technical aids, schools and home modifications, vocational rehabilitations, family education and counseling. This was in addition to the individual session for children with C.P, mental retardation; slow learning, Down syndrome, autism...etc, in the local community rehabilitation center at southern camps. Moreover, health education and raising awareness for parents, school staffs and community workers were as integral part of my work as occupational therapist.

2010-2013 I worked at Bethlehem Arab Society for Rehabilitation – Dura Rehabilitation Unit, mainly as occupational therapist with both technical and administrative duties. My role as occupational therapist was including several tasks such as evaluating different disabilities and clarify areas of functional impairment; prioritizing work with beneficiaries based on the nature of disability, age group, gender; setting the long and short term goals, building individual treatment plans and implementing them; following-up the treatment plans, monitoring beneficiaries progress and examining the extent to which the goals are achieved; re-evaluating treatment plans and writing the relevant reports.

2013-2016 I worked in Nahdet Bent Al Reef Charitable society as occupational therapist and a rehabilitation center coordinator. I was the leader of the technical team at the center. I held many technical and administrative responsibilities; particularly, work plans, fundraising, relationship with other stakeholders, international and national NGOs, as well as my roles towards the patients and their families.

2010-till now I work in the Palestinian Military Medical Services at Bethlehem city as an occupational therapist. My role includes several tasks such as evaluating patients, setting treatment plans and following-up the patients.

2016-2017 I worked for six months as a team coordinator of Autism Survey in South of Palestine. This project is carried out by Balad Society For Creativity And Development/ Rammalla.

August 2018 -2019 I am a part-time volunteer at Vento di Terra Onlus Ong (VdT), on a project named “Peace Steps – experiences of social and sustainable economies for sustainable growth in Palestine” funded by AICS (Italian Agency for Development Cooperation).

June 2018 till now I am a part time worker on resource mobilization and fund raising in Al Saraya Center for community Development - East Jerusalem.

September 2019 till now I am a part time lecturer in occupational therapy program/ Palestine Polytechnic University.

Received training courses
